

## *Adventure School*

10 May 2022

Kia ora whānau,

We have had many weeks of releasing our children from the front gates by the carpark and we are now feeling it is time to bring back our previous routine of releasing students from the classroom. We are planning to make this change from next Monday, May 16. The release time will remain at 2.55pm to avoid congestion.

This week we will be talking with our students and practicing the routine of being released from classrooms. This is something new for many of our tamariki, and they will need to learn to remain in class even if they see a family member outside. When waiting outside can you please ensure you stay back from the classroom to avoid distraction, and also ensure preschoolers remain with you. We will line the children up at the classroom door and release them one at a time.

We appreciate your support with this. Please let us know if you have any questions,

Ngā mihi

Tania, Nadine and Rebecca.
