CAN YOU HELP?

For our Rocket building this Term we are in need of any 1.5l soft drink bottles and ice cream container lids. If these could please be rinsed and sent to school it would be greatly appreciated. Thank you in advance.

WELCOME BACK!

Tēnā koutou katoa,

A huge welcome back to all our whānau and students in Rimu Syndicate! It has been so great to see all our students back looking rested, refreshed and ready for a new school term.

WHAT'S COMING UP?

Houston, we have lift off! Our Teachers will step into the role of Mission Command this term supporting ākonga as they design, build and launch their own water rockets. While the rockets are flying, our students will learn about Newton's laws, the engineering design process, and working as a team. Whilst we prepare for take off students will also find themselves immersed in exploring what exists beyond planet Earth. This learning will also link in beautifully with our upcoming Matariki celebrations in week 9. We will conclude this fantastic learning at the beginning of Term 3 with class trips to Space Place (Carter Observatory) in Wellington City. More information to come soon regarding this.

We are all really excited about the Term ahead and look forward to sharing this with you.

Team Rimu
