Rimu Syndicate Space Learning Opportunities 2024

Dear Parents/Caregivers

Term 2 has arrived and we have some incredibly exciting learning planned! Our students will be constructing rockets and taking off into a variety of learning around Space. We have two additional learning opportunities lined up for our Rimu Syndicate! One includes an onsite visit from Spaceward Bound who provide a portable space dome planetarium as well as an opportunity to see one of their Mars Rovers. To conclude our learning we would love to take our classes to visit Space Place (at Carter Observatory) over in the Wellington Botanical Gardens. Due to the size of the venue at Space Place we are only able to visit with one class at a time which has had an impact on the anticipated costs (due to buses).

We are currently booked for the following dates at Space Place:

Monday week 2	29 July	Room 20
Monday week 3	5 August	Room 21
Thursday week 3	8 August	Room 18
Friday week 3	9 August	Room 17
Monday week 4	12 August	Room 16

Before we confirm this event, we need to know if you would be happy to support it. We will be requesting a donation of \$40 per student. We will also need parents to accompany us on this trip (Space Place only). If we do not get enough support then we will not be able to go ahead with this amazing opportunity.

We need this form to be returned to your child's teacher by **Monday 13 May** in order to confirm. **No money is required at this time.**

Ngā mihi nui,

Erica Leggett
(Deputy Principal/ Rimu Team Leader)
