Welcome to our new students-

Kōwhai: Niko Tautari, Piper Azzato, Avyaan Sehdev
Nikau: Leilani Nofoaiga

The past two weeks have certainly been filled with memorable moments! Our first ever school Showcase was a huge success, providing an incredible experience for both our talented performers and the packed audience. The dedication and spirit on display were truly inspiring! Furthermore, our students excelled at the recent Athletics events, showing outstanding sportsmanship and grit. I am deeply proud of our school, our children, and our supportive community who embraces and compliments all that we do. We hope you enjoy the photo montage!

Look out for the stunning welcome signs on the school fence as you arrive! These magnificent, winning designs were chosen from many entries in a schoolwide competition, and were also beautifully painted by the children themselves, under the guidance of Amanda-Lee Lemmon, Vanessa Clark, and Emma Harris. They extend a warm and inclusive welcome to our school using the native languages of our students. A special thanks also goes to Joel Harris for expertly installing them! We hope to continue adding to these wonderful signs.

Also check out our Writer's Corner later in the newsletter for some very cool young authors at work!

KŌWHAI - SPOOKY WRITING

READER BEWARE:

I saw a freaky house. It was a haunted house. The door creaked open. I was scared. I was very scared because a skeleton said "I am out of jail!". By Maeve.

One day we saw a haunted house. Then a ghost started chasing us. We ran to Adventure School. Then we hid. The ghost saw Mrs Amorangi and "boooo!" said the ghost. Mrs Amorangi went "aghhhhh!". By Alexander.

THE SECRET TOMB

CREATIVE WRITING FROM ROOM 4

One time me, Luke, Jack, Jaxton and Milad were in Egypt. There was a secret pyramid. We walked inside... there were cobwebs and it was as cold as an open refrigerator. I stepped in and then... "Axes have been thrown" said the robot. "Ahhhhhhhh! Noooo! ouch!". I was alive but my butt hurt. I opened my eyes and I saw... mummies and the real sphinx's nose. I saw a golden teapot. I rubbed it and... then a shirtless blue guy came out. "Woahh, I've seen him before, he is from Aladin!!!" said Milad. The genie said "I am a genie, I can give you anything, just don't be a meanie". We all said one thing. "Rich" said Luke. "King" said Milad. "Gamer" said Jack. "Super smart" said Jaxton. "Super fast" said me. "Yayyyyyy!" said all of us.

By Alifaleti Finau.

Hi, my name is John and I am an archaeologist. I was just wandering around Egypt and I found a pyramid. I searched the pyramid up and down and I found a secret lever. It was connected to redstone. I walked inside and then... I fell on a tripwire. It triggered three pressure plates. Snake food and scorpion food launched on me as well as gold also shot out of dispensers. I couldn't go under or across! I thought for a second and then... I jumped over. My eyes were blinded by the gold, it was amazing! I saw a chest. It was filled with gold and gems. I took the gold for myself. Just tricking! I gave it to the museum.

By Locky Harding.

The Secret Tomb of Tofo

As I entered the pyramid I felt kind of cold, it was still so hot. As I walked down the hall I heard a click and I heard the door slam. All I had was a pickaxe and a small shovel. You see I was walking in the desert and I saw a small pyramid in the distance, when I got close I saw it was massive. Then I entered and... you know the rest.

Any way, I walked down and saw a tomb. I opened it and I saw so much treasure, gold and a sarcophagus. I opened it and saw a mummy, it was real!!! There were hieroglyphics on the wall that said "This tomb is the tomb of Pharaoh Tofo. Warning! This tomb is booby trapped and any intruder will get punished severely." That was the end of the hieroglyphics.

As soon as I picked up a vase a scorpion came out and was trying to sting me! I ran! I stepped on a pressure plate and arrows flew everywhere! One arrow hit the scorpion in the head. A baby crawled out of its back and they got hit too. I ran some more and stepped on another pressure plate, the walls closed in. I had to sprint to the exit and I got away just in time!

I called the museum and gave them the vase and they collected all the treasure and the mummy. They forgot to let me in the helicopter and they took off and left me. I have to walk to the boat. It's 10km. I only have half a water bottle. I was walking when all of a sudden I heard a hiss... it was a snake! I screamed. It tried to bite me but I dodged it. I grabbed it by the head and snapped its fangs off. I kept on walking when I heard something in the sand. It was a scarab beetle. I stepped on it and all the guts came oozing out of its body. "Disgusting!" I said. Finally after 3 hours I saw the boat, I climbed in and fell asleep. I was so tired. I woke up at my house.

BY JACK Jenkins

The Lost Pyramid of Secrets

I was walking in the deserts until I saw this pyramid with a very pretty blue diamond at the top. It was attracting the sun. I ran over to it. There was no way in. I kept looking around it to see if there were any hidden doors, I couldn't find one but I did see this hand poke out of the sand, the hand told me to come closer with a finger motion. I was very confused! I went over to it .

It grabbed me and pulled me under! I screamed "AHH"! There were more hands pulling me down. When I got down I was in a fully black room. There was a gold door, I went in and suddenly lasers appeared and taps fell from the ceiling. I darted to the left, then the right! I dodged the lasers and reached the end!

There was a chest with a golden screen that said "ENTER CODE". It made me think there was a hidden key in here! I looked on the shelf behind the chest and then I looked behind the pictures, there was a code to open it! I put in the code and then it opened. I looked inside of it and there was treasure, jewellery and diamonds in every colour. I was amazed!

I had another look at the shelf and I saw another code. I put it in and the wall slid to the side! "A secret chamber" I whispered. When it opened fully you wont believe what I saw. I saw the sphinx's nose that had been stolen for so long! I was scared that there was going to be booby traps again, so I put one foot in and two axes fell hanging from the ceiling, and arrows shot from side to side. Then I saw about 10 scarab beetles. I screamed "AHHHH!" I pulled one of the axes from the ceiling and started hitting them.

I was getting very hot and I remembered I had water in my back pack. I drank lots until it was nearly gone. It was boiling in there but I took the sphinx's nose and ran. I let the hands take me up and when I got up I ran to the pyramids in the distance and since it was late no one was there. I got the super-duper-squoooper-cuper-pupa gorilla glue out of my back pack and had the rest of my water. Then I glued the sphinx's nose back on.

In the morning I watched everyone's faces, they looked confused about how it's nose just appeared. They also looked happy, all thanks to that pyramid I found.

On Tuesday 4 November a group of 40 students from Tōtara and Rimu represented our school at Adventure Park for Parumoana Athletics. They faced many other students from other local schools: Whitby Collegiate, Rangikura, Plimmerton, Pauatahanui, Papakōwhai, St Theresa's, Paremata, Pukerua Bay, Postgate and Discovery School.

They competed at events like 100m & 200m sprints, 800 & 1500m, high jump, long jump, discuss, vortex, shot put and relays.

Our Adventure students represented our school perfectly and showed great sportsmanship. Their hard efforts paid off, and we came back to school with the 1st overall trophy in hand.

It was a great day, and I hope everyone went home proud of themselves.

November 2025 - Board of Trustees Update

The new Adventure School Board formed on 20 October, and we extend our thanks to staff rep Cathy Murray, and Chris Eastham and Andrew Myers for their service to the school, both having served as Presiding Members. We also welcomed Tania Sibley as staff rep, and new parent reps, Liz Brown and Ben Doherty-Jones. At this meeting, I was nominated and elected as Presiding Member (Chair) and at our November meeting Lynaire Parish was confirmed as Deputy Presiding Member.

We covered a lot at this meeting, and we plan to have regular communications to the school community to share more of what we do to govern the school. We unanimously agreed that we will be sharing the agendas online for the meetings and that the minutes of the meetings are able to be accessed at the office.

We say farewell to Pasanka Wickremasinghe

We would like to also share that Pasanka Wickremasinghe will step down from the board after the final meeting of the year. Pasanka has brought a depth of finance knowledge that most boards can only dream of, and we are grateful for his contribution - it's not a goodbye forever as Pasanka will stay in touch.

Notification to change the constitution of the Board

In seeking advice from the school board association, it has come to our attention that the number of parent reps on our board is higher than most schools in our region as most have either four or five, not six. This means a bigger quorum is needed at the Board meetings and we do not have any co-opted members presently that provide specialist backgrounds or perspectives, such as a mana whenua representation. Additionally, while essentially a voluntary service, each parent representative is paid a nominal fee per meeting which could go back to the school's operating budget.

After much analysis and discussion about the pros and cons, the board concluded that we will not replace Pasanka's position and formally seek to change the constitution to be:

- 5 elected parent representatives
- 1 staff representative and the
- Principal

The next Board meeting will be on 8 December at 5.45pm in the staffroom. We invite written feedback from the community before the meeting. Please send this to: bot@adventure.school.nz.

In the new year, we will further reflect on how the board might co-opt specific backgrounds that represent our school community.

It has been a big year in education and we would like to thank the leadership team and the staff for their ongoing hard mahi.

It is a privilege to serve our school community, and we look forward to sharing further updates with you.
